SIERGE'S SOLUTION

Dia Dhuit (JEE-uh Gwitch) = Hello

Dia Duit and may the road rise up to meet ya! After having more than family come over for the holidays with their children and pets, you might have noticed a few unfavorable things happen to your home. Your carpets and upholstery might have stains on them, the dogs were licking the glass doors incessantly, and the children placed their grubby paws on your freshly painted walls!

Don't fret, for I have the solution to all of these problems but let's focus on the walls. We have to be careful as to not damage the paint nor the drywall. Here are the materials that you will need as well as the step by step process

Materials: Blarney Buster (Spot cleaning solution) and 2 white Turkish hand towels.

1. Wet 1 Turkish towel and wring out excess water.
2. On the mist setting of your bottle of Blarney Buster, spray 1 to 2 pumps directly onto the towel
 - a. NEVER spray your wall directly
3. Rub the spots on the wall with your rag that has the solution until no spots are visible
4. Use your dry towel to dry and buff the affected area.

You can buy these materials at the Kelly Tech Center and ask any of your other cleaning questions as well. Visit us at 2300 Knoll Dr. Suite B in Ventura right off the 101.

SOLUTION SPOTLIGHT

This month's Service Spotlight will have to go to our floor care specialization in maintaining and restoring basketball courts. Not just anyone can do normal floor maintenance, but to do basketball courts is another expertise in of itself.

Kelly Cleaning is experienced and skilled at both of those tasks. Just recently, Kelly Cleaning performed its annual refinishing of Thacher Schools Basketball court. We have been performing this service for Thacher for over 10 years on top of our usual cleaning services. We take pride in our work and how great the court looks afterwards.

If you are looking for specialty floor services or if you want the best floor maintenance service in Ventura, then give us a call!
