SIERGE'S SOLUTION

Dia Dhuit (JEE-uh Gwitch) = Hello

Dia Duit and may the road rise up to meet you! Me and my dog, Shamrock, had a wee incident the other day that consisted of running into an unsuspecting and startled skunk... Unfortunately, Shamrock and I were thoroughly doused in the horrendous odor. Luckily I had just the thing to get rid of the smell out of my kilt and off me wee pup!

Odorcide's Skunk Off is a pet-safe effective deodorant that will make breathing easier with your nose not being attacked with stinky stenches. **To get the smell off of your dog:**

- Wipe excess skunk spray off your dog
- Spray and saturate the affected area with Skunk Off
- Work in thoroughly
- Rinse and let dry
- Repeat if the smell persists

If you are using this product on a **cat**, then double your rinsing efforts as cats are natural groomers and lick themselves to keep clean. Although this is a safe product, if licked or consumed your animal might have the symptom of excessive drooling.

This product can also be used in your laundry machine if your clothes were hit by skunk spray. Just dilute the solution according to the bottle per load of laundry and you'll be smelling great in no time.

Pick up this product at the Kelly Tech Center at 2300 Knoll Dr. Suite B in Ventura!

WHAT MOMS WANT

We can't even begin to thank our Mothers enough for all of their hard work and dedication that they provided for us when we were younger. From the moment we were born to now, we will always be seen as their baby.

So, how do we show our appreciation to the one that gave us everything and turned us into the people that we are today? Here are a few options that will surely bring a smile to your Mother's face:

- Write a handwritten letter
- Create a scrapbook with nostalgic pictures
- Help her with projects and chores
- Take her out to a nice meal
- Give her something that she has been wanting (And wrap it!)
- Take her on a vacation

If none of those things are feasible or possible, the one thing that a mother truly wants is your time. In most cases the most valuable thing that you can give someone is your time and attention. Too often we are busy doing something that takes us away from loved ones, and that is the one thing that we can't take back. So, show some love and appreciation and spend time with the one that gave you life!
